

### **Just bring your laptop.**

We provide the space, the energy, the desk, the flipchart, the couch, the plants, internet connection, some coffee and precious free advice from the neighbors (High Contrast, ap 01).

### **Prove your passion.**

You have to be involved in the creative or interactive industry. This is a place especially dedicated to you (designers, developers, illustrators, copywriters, marketing people, architects, photographers etc), for being brave enough to struggle through this by yourself.

### **Be flexible.**

There will be a limited time for each freelancer so anyone can have the chance to drop by. You can start with a week and go further if you convince us you're worth it.

### **Be a nice person.**

Please do not disturb the neighbors, clean after yourself, be nice with the plants.

If you want to, we will notify you by email (via a newsletter subscription) every time there's a free desk so you can claim it again.

### **Hang around during the agency working hours.**

Officially from 9:00 to 18:00, usually up to 21:00, depends on the last one who leaves the office (mostly because he overslept and arrived at 11:00). From Monday to Friday, weekends are for parties, hiking, drawing, sleeping, overeating etc (you got it).

### **Spend some time in the agency.**

No more than one hour per week. Do something nice for us in exchange: show us something cool (not youtube videos, we know them already). Give us some honest feedback, teach us something we don't know, make a change somehow.

### **Respect freedom.**

We love dogs so much that we couldn't stand to see them indoor. So no, you can't bring your pet inside, but we do have a nice garden where you can leave your pet for a while.

Sharing your experience at The HC Demisol on Facebook, Instagram, your blog / website would be nice. Not a rule, but it would be nice.
